From the Senior Surgeon
Letter No C 2213-1 dated 31-3-1937
forwards a representation dated 19.3.1937 received from Mr Abdul Khaliq Sheriff and recommends that he may be appointed as the Resident Medical Officer in the Princess Krishnajammanni Sanatorium Mysore and given a duty allce and an absorbable personal allce of Rs 50 & Rs 60 respectively.

1) Mr Abdul Khaliq Sheriff is an Asst. Surgeon - 3rd Class on a pay of Rs 120/- p.m. in grade (Rs 80-10-120). He is attached for work in the P. K. Sanatorium - Mysore.
The S. S recommends that his offer may be appointed as Resident Medical Officer in the P. K. Sanatorium - Mysore and given a duty allce at Rs 50/- p.m., as in the case given R.M.O of the Minto Ophthalmic Hospital - Bangalore.

2) He also recommends that this officer may be given an absorbable personal allce of 60/- p.m as in the case of Mr B. Jagannadham Naidu, in view of the diploma of T.D.D of Wales and obtained by him.

Final Note by the Second Member of Council.

Subject.—

Proposal to grant a personal absorbable allowance of Rs. 60 per mensem to Mr. Abdul Khaliq Sheriff B.A., M.B., B.S., T.D.D.(Wales), Assistant Surgeon, third class.

Mr. Abdul Khaliq Sheriff, B.A., M.B., B.S., T.D.D.(Wales) Assistant Surgeon, third class, attached to the Princess Krishna jammanni Sanatorium, Mysore, has made a representation requesting that in view of the foreign qualifications he has obtained and the work carried out by him in the study of tuberculosis in Europe, he may be promoted as a second class Assistant Surgeon on a pay of Rs.150 and given the usual personal allowance of Rs.75 per month.

The Senior Surgeon has recommended (1) that in view of the work that Mr. Sheriff has already done in the Sanatorium and the further experience he has gained during his deputation, he may be posted as Resident Medical Officer of the P.K.T.Sanatorium with an allowance of Rs.50 per month, so that a trained man may be readily available to take the place of Mr.B.Jayaram in the Sanatorium in case of an emergency, and (2) that in consideration of his having obtained the diploma of T.D.D. of Wales he may be granted a personal absorbable allowance of Rs.60 per mensem.

When the papers came to me I minuted as follows:-

"A personal absorbable allowance of Rs.60 may be given to the officer in view of the special qualifications that he has acquired.

"The question of appointing him as Resident Medical Officer of the Sanatorium may be considered when he is provided with residential quarters".

The Dewan and the First Member of Council agree in the above view, and I solicit the gracious approval of His Highness thereto.

GENERAL SECRETARY. 1-APR. 1937

From

Sastravaidya Pravina

S. SUBBA RAO, Esq., B.A., M.B.C.M., M.R.C.S., (Eng.) L.R.C.P., D.P.H.,

Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

To

GENL. & MIS. BRANCH 1-APR. 1937 4528 GENL. & REV. S

The General Secretary to the

Government of Mysore, Bangalore.

Sir,

I have the honor to forward herewith the representation in original, received from Mr. Abdul Khaliq Sheriff, B.A., M.B.B.S. T.D.D.(Wales), 3rd class Assistant Surgeon attached to the P.K. Sanatorium, Mysore, requesting that in view of the foreign qualification he has obtained and the work carried out by him in the study of tuberculosis in Europe, he may be promoted as a Second Class Assistant Surgeon on Rs. 150/- and given the usual personal allowance of Rs. 75/-. per month.

The Medical Officer in submitting the application of Mr. Abdul Khaliq Sheriff, recommends that in view of the work that he has already done in the Sanatorium and the further experience he has gained during his deputation, he may be posted as Resident Medical Officer of the P.K. Sanatorium and given suitable quarters and allowance. I agree with the Medical Officer in the view that the posting of a Resident Medical Officer to the Sanatorium is a necessity and I accordingly recommend that Mr. Sheriff be appointed as Resident Medical Officer and given an allowance of Rs. 50/- a month as in the Minto Ophthalmic Hospital. I may in this connection, invite reference to your D.O. letter No. G. 1531 dated 13th August 1934, stating that " Government consider it desirable to have a second man in the Sanatorium to take the place of Dr. B. Jayaram in case of an emergency."

(1) Resident Medical Officer's quarters

I further recommend that Mr. Abdul Khaliq Sheriff may, in consideration of the fact that he has obtained the Diploma of T.D.D. of Wales, be granted a personal absorbable allowance of

(2)

of Rs.60/- per mensem as in the case of Mr.B.Jayaram, (please vide Government Order No.G.2646-7/27-29-2 dated 30th August 1929).

As regards the request of Mr.Sheriff for being promoted to the second class of Assistant Surgeons, I may point out that there are at present three officers in the grade of 3rd class Assistant Surgeons who are seniors to Mr.Sheriff. Of these, Mr.Y.Appajee is already in receipt of a special grade of pay in the Medical College. The remaining two viz., Messrs.A.Seetharama Sasthry and B.Subbaramiah have already been once promoted as Acting Second class Assistant Surgeons and have therefore a peior claim for promotion to the higher grade Mr.Sheriff has chances of being promoted to the second class very shortly against future vacancies.

I have the honor to be,

Sir,

Your most obedient servant,

S.Subbarao

Senior Surgeon

From Abdul Khaliq [illegible], B.A.,M.B.,B.S.,T.D.D.(Wales)

Assistant Surgeon, P.K. Sanatorium,

MYSORE.

To

The Senior Surgeon with the

Government of Mysore, BANGALORE.

Through

The Medical Officer,

P. K. Sanatorium, MYSORE.

Sir,

As per Government Order No.E. 1705-6/Edn 30-35-2 dated 18th December 1935, kindly sanctioning me a Damodardas Scholarship to specialise in the Diagnostic methods and Treatment of Tuberculosis at Cardiff, Vienna, Berlin, Leysin and Rome, I beg to state that I have completed the said courses of study, a detailed report of which is submitted separately.

I may kindly be permitted to state briefly that Tuberculous Diseases Diploma course at Cardiff covered a period of nearly six months. The course consisted not only of lectures but also of intensive practical and clinical work. During this course I visited Talgarth Sanatorium and Cripples Hospital at Alton and attended two intensive Post-graduate courses in Tuberculosis one at Cheshire Joint Sanatorium and the other at Royal Chest Hospital, London. After successfully obtaining the diploma I was permitted to work on Silicosis in the laboratory of Professor of Tuberculosis, National School of Medicine, Cardiff.

Subsequently I worked for a period of about a month in the Brompton Hospital, London, chiefly in the Surgical unit to study the modern technique of various

chest operations. During my sojurn in London, I visited the Sanatorium and the Village Settlement at Preston Hall and gained knowledge of the working and aims and objects of the Settlement and its place in the Anti-tuberculosis scheme.

Next I moved on to Vienna where the courses of study in Radiology and Laryngology necessitated enhancement of my stay from the prescribed period of one month to a little over two months. In addition to these courses which were both theoretical and practical, I took a practical course in Broncho-Oesophagoscopy and one in operative chest surgery on cadaver.

Subsequently about six weeks were spent in visiting various tuberculosis institutions in Berlin including Professor Sauerbruch's clinic to study the modern technique in thoracic surgery. Also I utilise the opportunity of visiting Professor Chaoul's department of Röentgenology where I was very much impressed by the usefulness of the Tomograph, a most valuable and recent addition to diagnostic equipment in Tuberculosis.

During the following month I worked at Leysin chiefly in Professor Rollier's clinics where I had ample opportunities to acquaint myself with details of Professor Rollier's technique of Heliotherapy and the application of his Orthopaedic appliances. I visited some lung clinics too. A few weeks were quite usefully spent at Davos in learning the special technique of Dr. Maurer in Intra-thoracic Cauterisation which shall, I am sure, stand me in good stead when operations of Internal Pneumolysis will be taken up in our institution. At Davos too I visited a number of Sanatoria and acquainted myself with the methods of diagnosis and treatment employed therein.

During the last month of my stay in Europe I worked in the Carlo Forlanini Institute, Rome, chiefly with Professor Ascoli, a skilful and experienced chest surgeon and facilities were made available to study the technique of the Antero-lateral thoracoplastic operations so widely carried out in that institution and also of the successful treatment of Empyema adopted there.

Besides the above courses of study I interested myself in the Anti-tuberculosis problem in Europe.

I may be permitted to bring to your kind notice that in addition to the prescribed courses of study, I utilised available opportunities to take the following courses:-

1. A course in Silicosis at Cardiff under the guidance and help of the Professor of Tuberculosis.
2. A course in the Brompton Hospital, London, chiefly in chest surgery.
3. A practical course in Broncho-Oesophagoscopy at Vienna.
4. A course in Intra-thoracic Cauterisation at Dr. Maurer's clinic, Davos, Switzerland.
5. Two courses in chest operative surgery on cadaver one at Vienna and the other at Rome.
6. Study of Anti-tuberculosis schemes in Europe.

I beg to bring to your kind notice that my study to specialise in Diagnostic methods and Treatment of Tuberculosis and allied problems covered a period of over a year which time I utilised to the best of my advantage to study and learn all I possibly could, concerning Tuberculosis. The knowledge and experience thus gained place me, I am sure, in a position to be of use to the institution I am intended to work in.

In view of my qualifications and the work that I have carried out in the study of Tuberculosis in Europe I

request you kindly to send up suitable recommendations to the Government that I may kindly be given a Second Class Assistant Surgeon's place on a minimum salary of Rs 150/- a month, as in the cases of Messrs. P. Krishna Rao, Mohammad Shafiuddin Mehkri who who were Medical Probationers and M.V. Govindaswamy who was an Assistant to the Superintendent, Mental Hospital, Bangalore, before they were deputed for foreign studies, and who were soon after their return with English qualifications, were started as Second Grade Assistant Surgeons, each on Rs 150/- a month, and also the usual personal allowance of Rs 75/- per month as was awarded to my predecessors holding similar English Diplomas, so that I may be above want.

Mis.L-204-31
(Sls.1.3.6+7)
Med.284-34
(Sls.1-6)

Humbly thanking you in anticipation of favourable consideration of my claims and early orders,

I beg to remain

Sir,

Your most obedient servant,

Abdul Khaliq Shariff
Assistant Surgeon.
